Re: Inclusion of state land, Jewish-owned land and acquired land in the jurisdiction of regional councils
Deputy Defense Minister conclusion dated January 30, 1981.

General

1. The referenced decision of the deputy defense minister is to include all state land, Jewish-owned land and acquired land located in the area of the regional councils within their municipal and planning jurisdiction.

The objective

2. To include within the jurisdiction of the regional councils all state land, Jewish-owned land and acquired land held by the Custodian of Abandoned and Governmental property which has not been allocated or has been previously allocated to Settlements.

The method

3. The undersigned will provide the head of the Mechanics and Systems Branch with maps on a 1[:]50,000 scale, marking all areas thus far officially allocated by headquarters to communities both through various orders (confiscation or seizure) and as state land.
4. The Custodian of Abandoned and Governmental property staff officer will provide the head of the Mechanics and Systems Branch with maps of state land, acquired land, Jewish-owned land or absentee land that he had allocated to Settlements [and] all land matching these categories in the Judea and Samaria area.
5. In future, the head of the Mechanics and Systems Branch will maintain up-to-date information by routinely inputting data from the maps [attached to] state land declarations and orders issued by the Property and Taxation Branch.
6. The head of the Mechanics and Systems Branch will see to the amendment of the council orders and the inclusion of said areas within their jurisdiction in coordination with the legal advisor.

Timeline

7. All maps will be provided no later than March 1, 1981.
